RULES

Intramural Pickleball abides by the USAPA & International Federation of Pickleball Rules with the following exceptions or points of emphasis:

1. Service Sequence: The first serve of each side-out is made from the right-hand court. When the first server loses the serve the partner then serves from their correct side of the court. At the beginning of each new game only one partner on the serving team has the opportunity to serve before faulting, after which the service passes to the receiving team.
2. Scoring: Points are scored only by the serving team. Tournament games are played to 11 points win by 2, cap at 15. The best 2 out of 3 games will be played for tournament matches.
3. Double-Bounce Rule: When the ball is served, the receiving team must let it bounce before returning, and then the serving team must let it bounce before returning, thus two bounces.
4. Non-Volley Zone (Kitchen): The non-volley zone is the court area within 7 feet on both sides of the net. Volleying is prohibited within the non-volley zone.
