

Registration Procedures for Fall 2022

The Intramural Program has launched a new website. This new site can be accessed at: isports.byu.edu. A registration tab on the new site will be used for team sport registration and payment.

Online team schedule registration will begin at 9:00 AM on Tuesday, August 30 and will end at 11:00 AM on Monday, September 5. Visit our website at: isports.byu.edu and click on the 'Registration' tab.

Team schedules are \$50 each for Basketball, Flag Football, and Soccer. Schedules are \$40 each for Kickball, Ultimate, and Volleyball. Team entry fees will be charged during online registration and are **non-refundable**.

Do NOT purchase a team schedule if you are an individual wanting to join a team. Those who purchase a team schedule will be responsible to form their own team.

If you are an individual wanting to be placed on a team, please visit, or call our office **by Noon on Friday, September 2**. For sports that have enough interested individuals, we will form teams and notify each participant.

At the conclusion of the online registration period, regular season schedules will be built and team schedules will be distributed at the Intramural Office – 145 Richards Building – beginning at 9:00 AM on Tuesday, September 6. Return times and instructions for schedule distribution will be emailed to those purchasing schedules during the online registration period.

Entries are limited and participants are encouraged to register as soon as possible! A waiting-list will be created for a sport that fills before the end of the online registration period. Teams that want to register after the online registration period may be placed on a waiting-list. Teams on the waiting-list will be contacted, in order, when or if a schedule becomes available.

Each participant may play for only one team per sport. There will be one or more divisions for each sport during regular season. At the conclusion of regular season, eligible teams will be placed in the tournament division that best fits their ability.
